

# COOTIE COUNTER

Keep careful count of these crazy critters!

- How many cooties are smiling?
- Any cooties wearing glasses? Any wearing makeup?
- How many cooties have a surprised face?
- How many cooties in each row? How many in each column?
- How many cooties are there all together?
- How many cooties look sad?
- Can you find any cooties with a beard?
- Now count the cooties in your sister's hair!

Even monsters have cooties (especially boy monsters) -- eww!
